## How do I add rendernodes to my Animation Master License

General Informations:

- You can add any amount of rendernodes to a licence. You can buy a quantity of 2 of the rendernodes-items with 50 rendernodes to add 100 rendernodes to your licence.
- You can buy one add rendernodes item now, add them to your licence and buy the next tomorrow if you wish.
- If you want to use rendernodes with different licences, please do one order for each licence separatly!
- Rendernodes will only last as long as your licence lasts.

To add rendernodes to your licence do the following:

- 1.) Go to the [Animtion Master Store](#) and buy the amount of rendernodes you want to attach to your licence.
- 2.) Please remember your order id / order number! You will need the order number, your e-mail-address used for the order and your activation-code used to activate your licence for A:M.
- 3.) go to [www.hash.com/addrendernodes](http://www.hash.com/addrendernodes) you will be given a link to download your new **master0.lic** file
- 4.) If you didn't do till now, install Hash Animation:Master and activate it using your activation-code.
- 5.) After you have downloaded your new **master0.lic** follow the steps below for your Operating System.

[Animation Master Windows](#)

[Animation Master Intel Mac](#)

You should be read yto go!
